## Dean, School of Law

Prof. Dr. V. K. Kapoor

I am delighted to announce that the second batch of School of Law of this University is ready to embark on their journey as legal practitioners of tomorrow from June, 2017. The Schools of the University provide a practice oriented education with excellent learning environment.

The competent Faculty at the University helps the students to channelize their academic potential. We have a unique atmosphere at the campus as the University has the faculty in residence thereby facilitating extended teacher-student interaction on the lines of a "Gurukula" so that the curriculum is truly assimilated and ingrained, besides, visiting faculty from across the country and overseas is also invited from time to time to share their expertise.

Being a batch to have a marks-for-attendance curriculum has enabled the students to balance their co-curricular activities and have also instilled in them the qualities of sincerity and punctuality. Students have strived to familiarize themselves with special domain of law and development as they have interned with the top law firms, multinational corporations, senior advocates at the Supreme Court as well as the High Courts and numerous NGOs to equip themselves with the requisite practical skills. Throughout their academic life at Raffles, this Batch has displayed superior skills in all spheres including academics, sports, team-building and leadership.

I am pleased to acquaint you with this batch of School of Law, Raffles University and assure you that these students will prove to be an asset to any organisation.

## Placement Cell

The Placement Process is conducted by the Placement Cell of the University which comprises of both Students and Faculty members. It is a comprehensive process which commences in the month of August and is aimed at facilitating the reach between graduating students and prospective recruiters.

The Placement Cell works to ensure that final recruitments are conducted in a fair manner so as to maximize the interest of both the students and the recruiters.

The placement process at Raffles is one that is extremely transparent and provides an equal opportunity to each of its students. Recruiters are welcome to follow their own recruitment process, broadly within the framework of Group Discussions, Written Tests and Personal Interviews. Organizations can also opt for Telephonic Interviews and interviews via Video Conferencing. The recruiters are requested to intimate the Placement Cell with their preferred dates for the placement process at the earliest on the email address: [placementcell@rafflesuniversity.edu.in](mailto:placementcell@rafflesuniversity.edu.in).

### Placement Rules

- Our students on the basis of their interest will register to sit for interviews of organizations which confirm their presence on our campus.
- A student is eligible to sit for more than one interview provided he or she has not been given an offer from any prospective employer..
- If a student receives an offer of employment from the recruiters or independent of the Placement Cell and accepts it, he/she will be barred from any further participation in the Placement Process.
- Decision of the Faculty Coordinator of the Placement Cell regarding any dispute arising during the course of the entire Campus Placement Process will be taken keeping in mind the larger interest of the students and will be final and binding upon all interested parties.
- Final list of placed candidates will be published through the University. Any students placed on the waiting list by the employers (i.e. offer conditional on the announcement of university results) shall be intimated about the same through the University.
- Students are prohibited from personally communicating with the recruiters and such communication should not be encouraged by the recruiters. Any communication of such nature may lead to the de-registration of the student from the placement process.
