मनः एतं फलं /; फलं चक्रे कुरुतु
उत्तमं फलं; फलं चक्रे; इति फलं एतं

Effort, not desires, makes you attain success. An antelope doesn't enter the mouth of a sleeping lion by itself.

In the cut-throat competitive world that awaits a graduate, to become a professional, one needs to be industrious. To endeavour for achieving your targets is the pre-requisite for the realisation of your dreams.

Law provides a gamut of opportunities, and so does the Raffles School of Law to its students. Working along lines parallel to the requirements for the challenges that lay ahead, the Raffles School of Law has been developing professional expertise and holistic beings for seven years. Besides the regular curriculum, training for positive attitude and aptitudes, communication skills, brain-storming, problem solving and teamwork with genuine esprit de corps make our students globally valued. In addition to these professional skills, life at Raffles School of Law makes them imbibe values, social adaptability and human sensibility as an integral part of their mindset and turns them into a complete 'Self'.

We have invested our best of efforts in infrastructure, curriculum, strategic planning and execution, and faculty to bring out the best in our students. Our alumni have excelled in every prospective segment of legal expertise, be it in the government sector or the corporate world, and have made us proud.

I opine that in order to attain higher successes, we need to put in a tad bit of extra effort than what is ordinarily done. Pragmatism and methodical approach, analytical skills and critical assessment skills learnt at Raffles will go a long way to assist you, and I expect all the graduating students of the Raffles School of Law to be more diligent and to leave no stone unturned to succeed in their professional and personal lives.

I am sure that prospective employers will find it worth to launch their recruitment drives at the School of Law, Raffles University. I wish all the passing-out law graduates a brilliant success.

CHAIRPERSON (G.E.S.)

From The VICE-CHANCELLOR'S / DEAN'S DESK

Prof. Dr. V.K. Kapoor

Awarded Dr. B.S Haiakerwal and Professor Sushil Chandra
Award for best social scientist (2008)

Dear Recruiters,

I am delighted to announce that the third batch of the School of Law is ready to embark on a journey as legal professionals from June 2018. The School of Law, Raffles University, as per its mission, provides a practice-oriented education with excellent national and global exposures in the field of law. We have the privilege to provide a unique atmosphere and a vibrant learning environment at the university campus. The competent and energetic faculty of the law school helps the students to channelise and utilise their academic potentials in gaining an action-oriented exposure in the field of academics, as well as in clinical legal education.

There is an efficient system for giving due credits for regular attendance, as well as for excellence in projection of the content of the academic curriculum in writing as well as through oral presentations. We ascertain that students proceed with magnificent balance in their academic and co-curricular activities. This imprints the qualities of sincerity, punctuality, and leadership in them.

The students have strived to familiarise themselves with special domains of law and development as they have interned with the Hon'ble Supreme Court & High Court Judges, top law firms, MNCs, Senior Advocates at Supreme Court, as well as High Court and numerous NGOs. Throughout their academic life at Raffles, this batch has displayed superior skills in all spheres including academics, sports, team building, leadership and in developing professional qualities.

It will be pertinent to mention here that the School of Law, Raffles University is fortunate to have received the blessings and admirable guidance in the appropriate direction from the Hon'ble Justice Dr. Meena V. Gomber, who is fortunately the Chief patron of the law school. I am pleased to be acquainted with this batch of the School of Law, Raffles University, and assure you that these students will prove to be an asset to any organization.

Placement Cell

The Placement Process is conducted by the Placement Cell of the University which comprises of both students and faculty members. It is a comprehensive process which commences in the month of August and is aimed at facilitating the reach between graduating students and prospective recruiters. The Placement Cell works to ensure that final recruitments are conducted in a fair manner so as to maximize the interests of both the students and the recruiters.

The placement process at Raffles is one that is extremely transparent and provides an equal opportunity to each of its students. Recruiters are welcome to follow their own recruitment process, broadly within the framework of group discussions, written tests and personal interviews. Organizations can also opt for telephonic interviews and interviews via Video Conferencing. The recruiters are requested to intimate the Placement Cell of their preferred dates for the placement process at the email address: placementcell@rafflesuniversity.edu.in.

Placement Rules

- Our students, on the basis of their interests, shall register to sit for interviews of organizations which confirm their presence on our campus.
- A student is eligible to sit for more than one interview provided he or she has not been given an offer from any prospective employer.
- If a student receives an offer of employment from any of the recruiters participating in the placement drive or independently, and accepts it, he/she will be barred from further participation in the Placement process.
- Decision of the Faculty Coordinator of the Placement Cell regarding any dispute arising during the course of the entire Campus Placement Process will be taken keeping in mind the larger interest of the students and will be final and binding upon all interested parties.
- Final list of placed candidates will be published through the University. Any students placed on the waiting list by the employers (i.e. offer conditional on the announcement of university results) shall be intimated about the same through the University.
- Students are prohibited from personally communicating with the recruiters and such communication should not be encouraged by the recruiters. Any communication of such nature may lead to the rejection of the student from the placement process.
